

# VOCATIONS: FAMILY FEATURE

---

## ACTIVITY

---

10 min

### YOU ARE UNIQUE

What are your gifts?

In class, your child is studying vocations – marriage, priesthood, and religious life. God’s desire is for us to flourish. He has given us wonderful gifts and traits that will bless other people as we live out our vocations.

Talk with your child about his or her own gifts. Together, identify three things that are unique about your child and how those traits build up others.
