

VOCATIONS: FAMILY FEATURE

WHY WOULD ANYONE WANT TO BE A PRIEST?

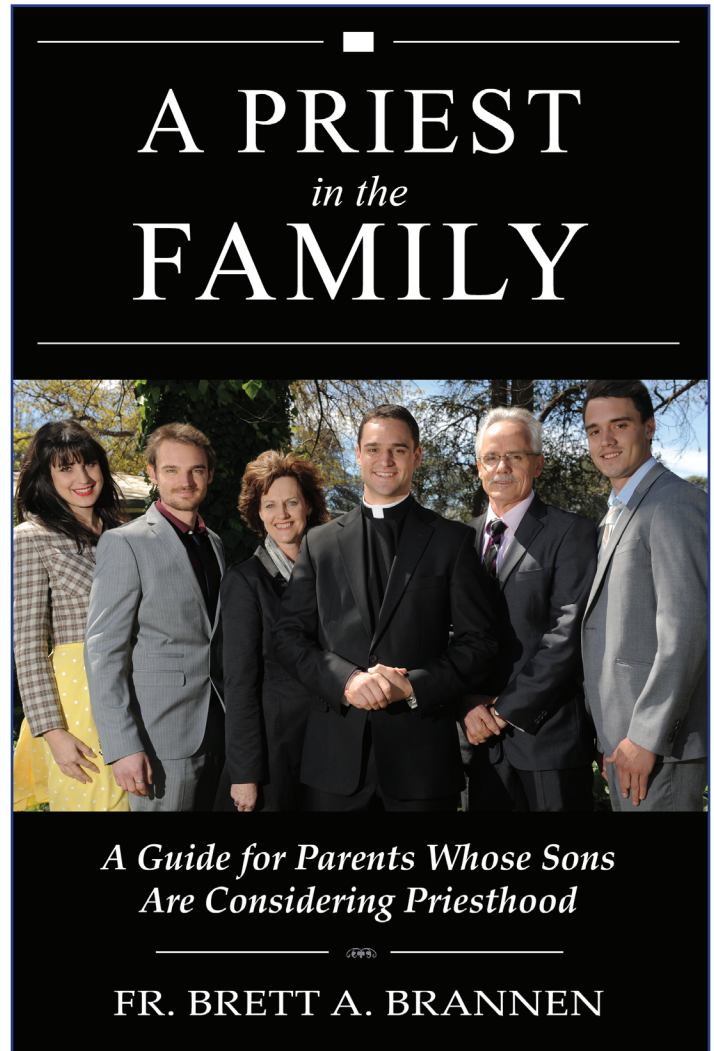

Dear Parents,

In religion class, your eighth grader is learning about the various vocations in the Catholic Church. One of the vocations we have studied closely is priesthood. Here is a link to an excerpt from a book specifically written for parents whose sons may be considering priesthood:

It's a good read for the parents of boys and girls, because it explains it explains why we Catholics value priesthood so much.

A Priest in the Family was written for parents who have some concerns about their son entering seminary.
